

DO No. F.1(21)/RB/2015:3675-
Tuesday, 10th May, 2016 3703

Kindly refer to my previous letter dated 05th April, 2016 regarding the "**Smart Village**" Initiative taken up by Hon'ble Governor of Rajasthan.

Hon'ble Governor has further directed that with a view to ensure conservation of water in the adopted "**Smart Villages**", the concerned University is to make an assessment regarding the need for building water harvesting structures such as ponds etc. and take up such construction wherever required. Accordingly, I have requested the concerned Vice Chancellor to interact with the local administration and the panchayat authorities and do the needful (copy of letter enclosed).

May I request you to provide necessary support, guidance and cooperation to the Universities in their efforts to fructify the vision of the Hon'ble Governor with regard to the "**Smart Village**" Initiative.

Yours sincerely,

(Sreya Guha)
